SUMMARY:

Entry-level Software Engineer with hands-on experience in Java, Python, Spring Boot, RESTful API development, SQL, and React. Proficient in building scalable backend systems, integrating third-party APIs, and optimizing application performance. Strong foundation in OOP, DSA, web development, and database design, with project experience across banking applications, AI tools, and data visualization dashboards.

EXPERIENCE:

Web development Intern, Mindset IT Solution, Bengaluru. (Mar 2025 – Jun 2025)

- Built RESTful APIs and dynamic business logic using Spring Boot, ensuring scalable and modular development.
- Streamlined data access and persistence with Hibernate ORM, optimizing queries and achieving seamless DB integration.

VIRTUAL EXPERIENCE:

- Cybersecurity Analyst Simulation – Tata (Forage)
- Prompt design using Vertex AI -Google

SKILLS:

- **Programming languages:** Java , Python.
- **Tools & Platforms:** Git, GCP, Power BI, VS Code, Figma
- **Core Concepts:** DSA, OOP, REST API Development, Asynchronous Processing, Exception Handling
- **Databases:** PostgreSQL, MySQL
- **Methodologies:** Agile, SDLC

PROJECTS:

Banking System Web Application [Java, Spring Boot, SQL]-June 2024

- Developed a secure banking web app using Java Spring Boot and REST APIs
- **Implemented real-time transaction updates via WebSockets**, improving data consistency and reducing latency across client dashboards
- **Optimized backend performance**, achieving a **60% reduction in API response time** through asynchronous processing and query tuning.

Blinkit dashboard [Power BI] -Jan 2025

- Developed an intuitive dashboard using Power BI to visualize and analyze key data insights.
- Implement dynamic filtering and interactive visualizations to enhance user experience.
- Structure data connections efficiently using Power Query and DAX for optimized reporting.

Chatbot AI agent [Python, React]- jan 2026

- **Designed secure JWT login + user accounts** using FastAPI, enabling protected access to dashboard and APIs.
- **Integrated OpenAI Responses API with streaming**, allowing real-time chat responses with low latency.
- **Built a ChatGPT-style Next.js dashboard** with sidebar navigation for Projects/Agents, improving usability and workflow.

CERTIFICATIONS:

- Google certified [Prompt Design in Vertex AI skill badge](#)
- Oracle certified [SQL - basics](#)
- Tata certified [Cyber security Analyst](#)
- The SecOps Group [Certified Network Security practitioner\(CNSP\)](#)

EDUCATION:

- B.E. Information Science & Engineering, BMSIT&M (Sep 2025)
- PCMB, Sharadhambha Independent PU College (Jun 2021)
