EDUCATION:

B.E – Information Science and Engineering BMSIT &M, Bangalore, India.	Sep-2025
Science -PCMB Shree Sharadhambha independent Science PU college, Tumkur, India.	Jun-2021

EXPERIENCE:

Web development Intern, Mindset IT Solution, Bengaluru. Mar-2025 to jun-2025

- Built RESTful APIs and dynamic business logic using Spring Boot, ensuring scalable and modular development.
- Streamlined data access and persistence with Hibernate ORM, optimizing queries and achieving seamless DB integration.

Tata Cybersecurity Security Analyst Job Simulation on Forage November 2025

- Completed a job simulation involving identity and access management (IAM) for Tata Consultancy Services, collaborating with a Cybersecurity Consulting team.
- Acquired expertise in IAM principles, cybersecurity best practices, and strategic alignment with business objectives.
- Delivered comprehensive documentation and presentations, showcasing the ability to communicate complex technical concepts effectively.

SKILLS:

- Programming languages:** Java , python.
- Tools and Technologies:** Git , GCP ,Power BI ,VS -code ,Eclipse.
- Technical Skills:** DSA, Web development, OOPS.
- Soft Skills:** Teamwork, Creativity, Problem solving, Effective communication.

PROJECTS:

Banking System Web Application [Java, Spring Boot , SQL] June-2024

- Developed a secure banking web app using Java Spring Boot and REST APIs
- Implemented real-time transaction updates via Web Sockets**, improving data consistency and reducing latency across client dashboards
- Optimized backend performance**, achieving a **60% reduction in API response time** through asynchronous processing and query tuning.

Data Visualization using GCP [GCP] Sep-2023

Developed an Automated Data Pipeline for sales data in Google Cloud Platform.

- Created a web portal to upload sales data.
- Processed large datasets using GCP and Big Query.
- Improved interactive dashboards in Looker Studio to improve data visualization and insights.

Blinkit dashboard [Power BI] Jan-2025

- Developed an intuitive dashboard using Power BI to visualize and analyse key data insights.
- Implement dynamic filtering and interactive visualizations to enhance user experience.
- Structure data connections efficiently using Power Query and DAX for optimized reporting.

CERTIFICATIONS:

- Google certified [Prompt Design in Vertex AI skill badge](#)
- Oracle certified [SQL - basics](#)
- TCS certified [Cyber security Analyst](#)

ACHIEVEMENTS:

- 12th class state ranker.
- Division level Volleyball player
